**Subject:** RE: [EXTERNAL] RE: Request for site tour for USACE on August 29th

Brian Power will be leading the tour – and I'll hand off to him to coordinate. Brian: Can you reach out to Mr. Iverson to confirm your details and info?

Brian's contact cell number is: 618-410-0157

Cecilia: We can tour at that time. Brian Power, our site Environmental Manager, is available and can lead the tour. Can you send us contact info for Colonel Sexton or his team so we can reach out to facilitate?

Thanks - JJB

I'm following up on a few items since Lynn is out of the office this week.

If it's possible we would like to arrange for a quick site tour for Colonel Sexton with the Kansas City District Army Corps of Engineers on Friday, August 29<sup>th</sup>. He and his Deputy District Engineer will be in the area and thought that it would be a good opportunity to become more familiar with the site. Currently, they plan on being in the area around 10:00 am and need to depart before 1:00 pm. They just want a quick tour to get an idea of all of the ongoing work and to see the areas that are being addressed under Superfund authorities.

Let me know if that's possible.

Cecilia Tapia  
Director, Superfund Division  
U.S. Environmental Protection Agency – Region 7
